

## Curriculum Vitae

**Laurence A. (Lorn) Clement, Jr., J.D., ASLA**  
Associate Professor of Landscape Architecture

### Education

SUNY, College of Environmental Science & Forestry, BS 1978  
SUNY, College of Environmental Science & Forestry, BLA 1980 magna cum laude  
Kansas State University, College of Architecture, Planning & Design, MLA 1985  
Harvard Law School, Negotiation Workshop, Certificate Summer 1988  
University of Kansas, School of Law, JD 1991

### Professional Associations

American Society of Landscape Architects, 1980 - present  
Sigma Lambda Alpha, 1980 - present

### Professional Registration

Landscape Architect, Kansas, # 335  
Attorney, Kansas, # 15018

### Teaching Experience

#### Kansas State University

1989 – present	Associate Professor
1985 – 1988	Assistant Professor
1980 – 1985	Instructor

#### DSFN 201/202

Environmental Design Studio I and II. First-year undergraduate design and drawing fundamentals: introduction to theory of design, landscape architectural design process and conceptual frameworks; design drawing systems and model building. 1980 – 2003; 23 years.

#### LAR 220/320

Landscape Architecture Design Studio I and II. Second-year landscape architecture design fundamentals, conceptual frameworks, freehand drawing, drawing systems and model building. 1995 – 2005; 10 years.

#### LAR 322

Environmental Issues and Ethics. Second year course addressing fundamentals of environmental science, natural systems, concepts of stewardship, conservation and development of land. 2003; 1 year.

LAR 501/502

Undergraduate Landscape Architecture Seminar. Fifth year /third year seminar involving readings and discussion of design theory. Field trip. Introduction to literature of the profession. 1999 – 2006; 7 years.

LAR 645

Internship Reporting.

Fall semester, fifth-year. Individual presentations of internship experience. 2005:1 year.

LAR 702

Public Lands and Natural Resources Law. Federal agency management of public lands and resources; statutes, case law, policy. 1993 – 1998; 5 years.

LAR 704

Landscape Architecture Design Studio VIII. Capstone course: individually programmed and executed project intended to demonstrate integration of all course material, knowledge and skills acquired during the program. 1998-2002; 4 years as co-instructor, and 1985-2004; 19 years as advisory committee member.

LAR 741

Environmental Law. Pollution control statutes and case law, and policy addressing land, water and air issues. 1996; 1 year.

LAR 750

Graduate Landscape Architecture Seminar. First year. Readings and discussions of design theory. Field trip. Introduction to literature of the profession. Thesis topics discussion. 1999–2006; 7 years.

LAR 760

Composite Landscape Architecture Design Studio I. First-semester graduate studio: introduction to theory of design, landscape architectural design process and conceptual frameworks; freehand drawing, drawing systems and model building. Introduction to design literature of architecture and landscape architecture. 1996–2005; 12 years.

LAR 800

Thesis Research. Independent definition, research and writing. 1995-2006; 11 years.

### **Recent Community Service Projects**

*Hale Quad with an Amphitheater*, LAR 220 and LAR 760, Fall of 2003 and Fall 2005. Proposals for commemorating Provost Coffman through site design for Coffman Commons featuring an amphitheater for outdoor teaching, performance, etc.

*New Housing for Meadowlark Hills Retirement Community*. This service-learning project was completed in graduate composite design studio one (LAR 760 in the fall of 2002). We addressed several issues related to new independent living units and road layout; and demonstrated that unit density could be increased while simultaneously providing a better gradient of social spaces (private outdoor spaces and entry transitions).

Bowman Design Forum, *Equine Sports Medicine Center*, KSU Campus, Fall 2001  
Bowman Design Forum Review, ESMC, Spring 2002; Program for the ESPC, with KSU Veterinary Medicine faculty; selection of BBNA for design development Summer 2002.

### **Practice Experience**

Kansas Department of Wildlife & Parks, Fall 1991  
Assisted general counsel with legal research and writing of memoranda.

KSU Attorney's Office, Spring 1992  
Research and writing of memoranda focused on environmental regulatory compliance.

### **Professional Service Activities**

Riley County Planning Board; chair, vice chair, or member since 1991.

Manhattan Comprehensive Plan Update Project Advisory Committee, 2001 to 2003; consultant selection; review and comment; adoption hearings.

Fort Riley Restoration Advisory Board, member 1997 to 2001.

*KSU Campus Master Plan, 2000-2002.* Chair of the Open Space and Land Use Subcommittee of the Campus Development and Planning Policy Committee; provided substantial guidance for the new campus master plan by HNTB; particularly in subdividing the campus into districts for finer scale analysis and decision-making.

### **Significant Publications, Presentations, Projects since 2000**

ECLAS – annual meeting of the European Council of Landscape Architecture Schools in Ås Norway, in September, 2004. Presented *Narrative Tropes*, the paper was included in the conference proceedings.

Kansas/Nebraska State Scenic Byways Conference – annual conference, in Wilson, KS, May, 2004. Invited speaker for a presentation entitled *Scenery and Settings: Considerations for discussing landscape aesthetics*.

Cottonwood Falls, KS community meeting, April, 2004, panel member, presentation entitled *Visual Aspects of Wind Energy Conversion Systems (WECS)*.

Topeka, KS; Governor's Wind and Prairie Task Force, February 20, 2004, presentation of *Visual Aspects of WECS*.

Morris County, KS community meeting, February, 2004, panel member, presentation of *Visual Aspects of WECS*

PowerPoint presentations of *Visual Aspects of WECS for Riley County, KS* and *Visual Significance of Vertical Elements in the Manhattan and Riley County Environment* were presented at the Manhattan Chamber of Commerce annual leadership summit in Overland Park, January, 2004.

Book review for *Architecture Boston* on the Ten Landscapes Series by Rockport Publishers (six books), fall 2002 (published Mar. 2003).

*Preliminary Program Document for the Equine Sports Medicine Center* at the College of Veterinary Medicine, KSU, spring 2002.

ACSA Paper and presentation entitled *Narrative Tropes: Expanding a Conceptual Framework*, Sept. 29, 2001.

*Interim Performance Testing Surface for Horses* at the College of Veterinary Medicine, KSU: grading, drainage, pavement design and construction supervision, Spring 2001.

*Massey Residence.* Master plan with structures, circulation, grading and drainage for a small equestrian estate south of Wichita, KS, 2001.

### **Awards**

Mary K. Jarvis Teaching Chair in Landscape Architecture, 2005-2006.
